

AMIT GAIKWAD

DATA ANALYST

ABOUT ME

Results-oriented Data Analyst with a solid foundation in data interpretation, and data visualization. Bringing a strong analytical mindset and proficiency in data visualization tools (Power Bi, Tableau & MS-Excel) to extract actionable insights from complex datasets. Aiming to contribute my skills and expertise in a dynamic team environment, where I can leverage data-driven insights to support strategic decision-making and drive business success.

EXPERIENCES

Ai Varient (AUG-2023 - OCT-2023)

- ◆ Collaborated with cross-functional teams to analyze and interpret complex data sets, providing actionable insights for business improvement.
- ◆ Utilized advanced Excel functions, Power BI, Tableau, and SQL to extract, transform, and visualize data for reporting purposes.
- ◆ Developed and maintained data models, dashboards, and reports to support key business initiatives.
- ◆ Contributed to the enhancement of data quality and accuracy through rigorous validation and cleansing processes.
- ◆ Collaborated with stakeholders to understand data requirements and provided timely and relevant data-driven solutions.
- ◆ Assisted in the development and implementation of data-driven strategies to optimize business processes. Establish key performance indicators (KPIs) for security personnel and use data analytics to measure and track performance against these metrics.

Projects

Banking analytics

- ◆ Accomplished the Bank Analysis Project, showcasing a robust skill set in financial data analytics and customer insights.
- ◆ Leveraged tools such as Excel, Tableau, Power Bi, and SQL to examine extensive datasets, identifying patterns in customer behavior, transaction trends, and risk indicators.
- ◆ Collaborated with cross-functional teams to implement data-driven initiatives that positively impacted customer satisfaction and retention.
- ◆ Developed and maintained dynamic dashboards for real-time monitoring of key performance indicators, facilitating strategic decision-making.
- ◆ Conducted thorough segmentation analysis to categorize customer profiles and preferences, contributing to the development of targeted marketing strategies and personalized service offerings. Utilized statistical models to assess credit risk and enhance fraud detection protocols, resulting in improved overall security.

Contact:

- amitgaikwad47785@gmail.com
- Phone: 9359020364
- Location: Banner, Pune

Skills:

- Tableau
- Python
- MS Excel
- SQL
- Data Visualization
- Scikit-Learn
- Data Validation
- AWS
- Power BI

Education

- Bachelor of Engineering, Information-Technology SPPU University (2023) (8.21 CGPA).
- Diploma, Information-Technology MSBTE University (2019) (65%).

Certification Courses:

- Data Analyst from Excelr
- Data Science from Excelr

Strengths:

- Positive attitude and keen learner.
- Problem Solver.
- To adapt changing environment.
- Believe in team building.
- Good verbal communication.
- Adaptive to the new technology.
